Good work, Liz and Kirstin. It's great that sites are going to be zeroed in so much better!

Hi Kirsten!

I got your files via dropbox. Do you have time to talk tomorrow about how to use the files?

Below are the locations that I haven't been able to get a response from the owners. I would like to potentially move the locations ever so slightly to get on a different claim or on BLM.

Thanks!

Liz
